6:00-7:00 pm, room 101

September 4
Public schools closed
KOCO open, sign up to attend

September 7
Labor Day
Public schools closed
KOCO closed

A message from the KOCO Health Consultant

Dear Parents and Families,

As flu season will soon be upon us, we would like to remind everyone to plan ahead and have your child receive their annual flu vaccination before the end of the year.

Flu Vaccination Reminder:

Children under the age of 5 are required to receive a flu shot by **December 31, 2026**, in order to remain enrolled at KOCO. Older children are not required to receive the flu vaccine. We are holding a **flu clinic hosted by Chatham Health District at KOCO on October 15th from 4 – 6 PM, room 101** for your convenience. Please stay tuned for more details regarding the date and registration information.

Important: Please Respond to Emails Promptly:

When you receive an email from me requesting information -- updated forms, medical documentation or expiring medications, please respond as soon as possible. It is important that parents address any requests or outstanding concerns promptly. Keeping your child's medical records, medications, and required forms current is important to ensure that your child's enrollment remains in good standing.

Sick Policy Reminder:

Lastly, please take a moment to review the daycare's sick policy. If your child is sick, please keep them home until they have been **symptom-free for at least 24 hours**, or provide a doctor's note when appropriate.

By working together and following these guidelines, we can help reduce the spread of germs and create a healthier and safer environment for all of our children and families. Thank you so much for your cooperation, understanding, and continued partnership. We truly appreciate your help in keeping our daycare community healthy and safe!

Devangi Ladani, APRN
